New Year’s Resolution

Each year, most of us resolve to improve our well being, whether physically, mentally, spiritually or socially. Many of us also don’t keep our commitments for various reasons. This year, however, the Wellness Centre will help you to maintain your 2009 resolutions! Our trained personnel and established programmes are tailored to your specific needs and can be adjusted to facilitate a pace that is conducive to you. Come in and visit with Bradley or Keith today and let them get you started on a new, improved and healthier path.
